110 Lazy Ln | Baytown, TX 77520 | 832-629-6999 | [superriley17@gmail.com](mailto:superriley17@gmail.com)

## Education

### **Bachelor of Science in Computer Science – May 2027**

4<sup>th</sup> year at University of Houston- Houston, Texas

## Experience

### **Ice Cream Scooper/Maker | Marble Slab Creamery – June 2022-Current**

As a job in food service, I have gathered experience in dealing with many different personalities and problem solving for all sorts of issues. Starting in March 2023, I became the store's ice cream and waffle cone maker, where I was able to memorize ingredients and organize the kitchen on my own.

### **Lifeguard | Pirate's Bay Waterpark – June-September 2021**

At the waterpark, my duties as a lifeguard included surveying the position I was assigned to, watching for any unsafe activity, and most importantly maintaining a safe environment for visitors. I worked 40 hours a week from June-August 12<sup>th</sup>, until the park closed for fall.

### **Eagle Scout | Boy Scout Troop 1444 – December 2015**

From outdoor survival skills to quick first aid, I spent a good 4-5 years in the troop completing tasks and ranking up overtime. Each year we would complete community service like our popular canned food drive. My Eagle Scout project was to replace name boards for the Sterling Swim Team that I was a captain of in High School. Due to Hurricane Harvey, the boards had become rotted, so I thought it would be a perfect project to help my school and community. I had to lead my troopmates through assembling and painting the boards, which turned out quite successful. After I had officially completed the boards, they were hung in the Sterling Natatorium where they remain.

## Skills

- Reliable
- Organized
- Problem Solving
- Fast Learner
- Learning C++/Python
